BIRD FEEDING ACTIVITY

A bird sitting on a tree is never afraid of the branch breaking, because her trust is not on the branch but on her own wings."

SELF INTRODUCTION

Be yourself but always better yourself
Children of Grade-1 are enjoying the self-introduction activity which helps them to build connections with their friends and improves their confidence.

KNOW YOUR PEERS ACTIVITY

Alone we can do so little, together we can do so muchChildren of Grade-1 are enjoying "know your peers" activities which enhance their teamwork.

Godriwala Presents

MM SCHOOL

MM SCHOOL CELEBRATES INTERNATIONAL SPORTS DAY

Being one of the best CBSE schools in Raipur MM School, ensures that the overall health of our students is our top priority. Besides offering quality education to students, we ensure there are ample opportunities for them to engage in sports. Students can also take part in extracurricular activities that help students not just hone their skills but also relax and indulge their creative side.

GAME OF SHADOW

Let's do it and see.
This is a chapter related activity which attempts to increase the knowledge of the students regarding the subject in an interesting manner. Through the medium of the activity it was understood what casts a shadow or how it is made. Children enjoyed seeing it practically and their curiosity was also solved.

Godriwala Presents

MM SCHOOL

HEALTH EDUCATION, LIFESTYLE AND SPORTS

Each child's Height and Weight was monitored to calculate the BMI (body mass index).

CBSE BOOT CAMP (IDE)

Nedumaan Sahu went to attend the Innovation, design and Entrepreneurship (IDE),Boot Camp organized by the Ministry of Education's Innovation cell (MIC) and All India Council for Technical Education (AICTE) at Bhubaneswar.

KNOW YOUR SCHOOL

Unlocking the secrets of your school Children of Grade-1 are enjoying the school trip.

Godriwala Presents

MM SCHOOL

CRAFT MAKING ACTIVITY

"Crafting is not just about making things, it's about making memories."
Children of Grade-1 are enjoying "Craft Making Activity" which provides students with a creative outlet to explore their artistic talent and develop their craft skills.

KNOW YOUR HOUSE

"Individual development is the part of the group activity"
Each child from Grade I is initiated into the house system and is placed in a house. Our four houses are aptly named Shourya, Sahas, Samagra and Shakti.The house system was devised to promote team spirit and a sense of belonging to the school.

Godriwala Presents

MM SCHOOL

NUMBER CATERPILLAR ACTIVITY

"Mathematics is the most beautiful and most powerful creation of the human spirit." Tiny tots of Grade 1 performing number caterpillar activity. It helps to nurture imagination and give children a sense of curiosity coupled with adventure.

HEALTHY HABITS AND LIFESTYLE

Health prevention and physical activities are actually matching a fulfilled, balanced and self determined student's daily life. A team of dentists under the guidance of Dr Vinita Gupta successfully completed the dental health checkup (grade-6 to 12).
A group of ophthalmologist conducted the eye checkup (grade -1 to 5) . The reports were sent to the parents with their wards.

Godriwala Presents

MM SCHOOL

BLINDNESS AWARENESS DAY

This theme aims to make access to more and more facilities easier for blind and visually impaired persons.

SEMINAR ON HEALTHY HABITS AND HEALTHY LIFESTYLES

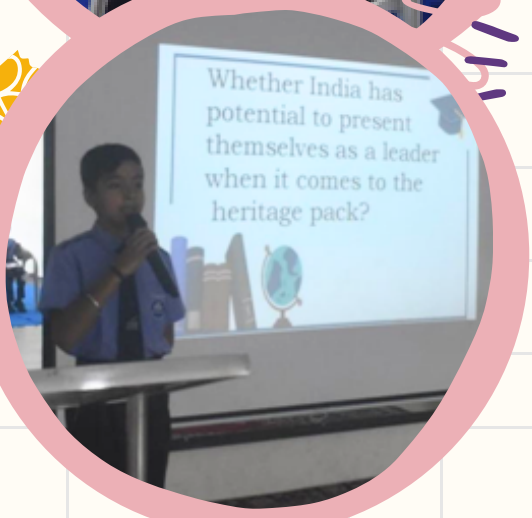

A seminar on Healthy habits and healthy lifestyles for school going children (Grade-1 to 12)was conducted by Principal Dr. Sanjoy Bhattacharjee and a renowned doctor of Raipur Dr. Geet Talreja addressed the seminar. Students were motivated and took part in the seminar. The seminar was conceived and inculcated in order to support the students with the very important and necessary cognition and to involve the findings after all into a new subject in school education ("Individual Health and lifeStyle"). The aim was to research correlations between health supporting behavior and selected personality characteristics within students as well as the analysis of mistakes in their lifestyle. The seminar created and summarized questionnaires concerning differences in lifestyle and targeting themes of body image and health promoting behavior , life satisfaction and personality, the desirable health lifestyle, most students make mistakes by not visiting a doctor regularly, negative attitude to their own body...)

Godriwala Presents

MM SCHOOL

SEMINAR ON SOCIAL JUSTICE

Today during the Social Science session, the seminar was conducted for the students of Grade 8 on the topic 'Social Justice'. Social justice is the view that everyone deserves equal rights, liberty, opportunity and justice. It recognizes that everyone is different and everyone has different needs. By promoting fairness, education we need to create a society that values and respects all individuals. Through this seminar, the students learned how to respect people who are different and stand up against injustice.

WORLD HERITAGE DAY

To understand the global scope of heritage. To understand how cultural tourism has developed in India. To get an idea to use new technology. To understand how to preserve our monuments, nature

Godriwala Presents

MM SCHOOL

FIRST DAY OF GRADE-1

Today marks the beginning of the rest of your life
We are happy to share that today our little munchkins of Grade-1 lead Morning assembly The assembly started with the invocation to the Almighty, followed by the word of a day and thought. They engaged everyone by kickstarting the morning with amazing tongue twisters. It is a great warm-up exercise for public speaking, as it not only supports effective articulation but also emphasizes speech clarity with full confidence

WORLD ART DAY

The "World Art Day" is celebrated to nurture creativity and innovation in artists all over the globe and to promote unity in cultural diversity. World Art Day is celebrated globally on 15th April every year. The day also promotes awareness about what exists in artistic expressions and highlights the contribution made by various artists towards sustainable development of the society. Students of Grade I were very excited while participating in the art activity. They created a tree with leaf painting.Children performed the activity to the best of their abilities. It was a great learning experience and good teamwork.

Godriwala Presents

MM SCHOOL

VOTING AWARENESS CAMPAIGN

Creativity blossoms as students craft personalized scrapbooks, weaving memories and dreams onto each page. Through shared laughter and heartfelt moments, they exchange biodata with friends, enriching bonds and forging lasting connections. In this class activity, every page tells a story, celebrating friendship and the beauty of individuality.

EID CELEBRATION

Grade 3 students shine bright in their Eid Assembly, blending fun and lessons seamlessly. Laughter fills the air as they celebrate unity and diversity, showcasing the beauty of cultural traditions. Together, they learn, grow, and spread joy, embodying the true spirit of Eid."

Godriwala Presents

MM SCHOOL

WORLD EARTH DAY

The main aim of this activity was to foster creativity and raise awareness about environmental conservation.

MY SCRAPBOOK

Creativity blossoms as students craft personalized scrapbooks, weaving memories and dreams onto each page. Through shared laughter and heartfelt moments, they exchange biodata with friends, enriching bonds and forging lasting connections. In this class activity, every page tells a story, celebrating friendship and the beauty of individuality.

Godriwala Presents

MM SCHOOL

WORLD HEALTH DAY

We also conducted a seminar on 'Dental Health and Hygiene: Healthy eating habits and healthy lifestyle'. The seminar was addressed by the renowned dentist Dr.Geeta Talreja and the principal of MM School Dr. Sanjoy Bhattacharjee.

The children were very enthusiastic during the seminar and asked so many health-related questions. The day was filled with loads of learning activities.

WORLD ART DAY – GRAMMER INTERATION ACTIVITY

Today during the English session the students of Grade 5, celebrated World Art Day with Grammar Integration: A Creative Approach to Language Learning.

Through this activity the students were given the opportunity to nurture both linguistic proficiency and artistic expression.

Godriwala Presents

MM SCHOOL

HINDI RANGMANCH

Language is not just a tool for communication, but it also helps us to tie people together. 602 million people speak Hindi worldwide, which makes it the third most spoken language in the world

As Indians when we go abroad, we often look for our countrymen if we need any help. Have you wondered why?
It is because, through language, we are able to connect with one another and understand one another in a way that transcends borders and cultures. Hindi is a language that is rapidly gaining importance in our modern world. With more and more content being produced in Hindi and a growing consumer market in South Asia, it has become a valuable language to know.
As per an analysis of 2011 linguistic census data in 2018, more than 19,500 languages or dialects are spoken in India as mother tongues. The category "mother tongue" is a designation provided by the respondent, but it need not be identical to the actual linguistic medium. After subjecting the 19,569 returns to linguistic scrutiny, editing and rationalization, they were grouped into 121 mother tongues. Hindi is the most widely spoken mother tongue, with 52.8 crore people, or 43.6 percent of the population declaring it as the mother tongue. It is also one of the 22 scheduled languages of the Indian Constitution. India is also one of the fastest-growing nations in the world, which makes it lucrative for economic opportunities and businesses. Knowing Hindi while operating in India is essential and proves to be extremely beneficial.

Godriwala Presents

MM SCHOOL

NATIONAL CYBER OLYMPIAD WINNERS

Chasing dreams and winning gold. Prove that hard work pays off.
Students of MM have received gold medal in the National cyber Olympiad.

STATES AND THEIR CAPITALS

In a lively classroom atmosphere, students embark on a journey across the map, matching states to their rightful capitals. With focused determination and teamwork, they conquer geography challenges, mastering the connections between state names and their corresponding capitals. Through hands-on learning, they navigate the world one capital at a time."

ENGLISH EXPERIENTIAL LEARNING CLASSROOM ACTIVITY

Grade 6 students prepared a PowerPoint on nocturnal animals, honing research and presentation skills. They also discussed lifestyle changes to foster care and empathy towards animals, emphasizing habitat preservation and behavioral understanding.

Godriwala Presents

MM SCHOOL

A NEW START

Today marks the beginning of the rest of your life
We are happy to share that today our little munchkins of Grade-1 lead Morning assembly The assembly started with the invocation to the Almighty, followed by the word of a day and thought. They engaged everyone by starting the morning with *amazing tongue twisters* It is a great warm-up exercise for public speaking, as it not only supports effective articulation but also emphasizes speech clarity with full confidence.

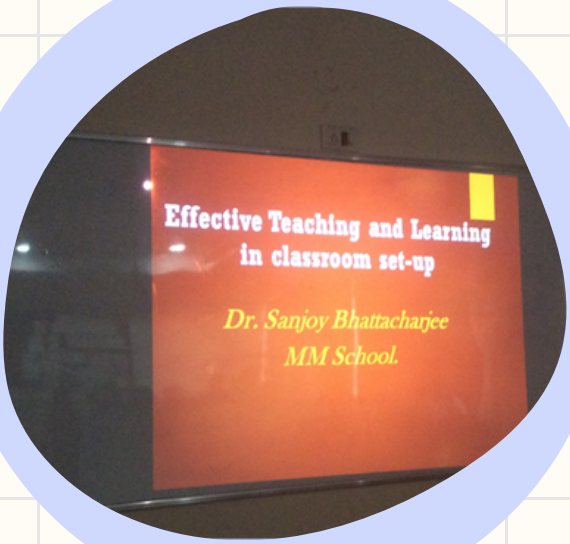

SMASH PLAY DOUGH ACTIVITY

Learning is important, but that doesn't mean students should not have fun while learning.
In fact, doing different activities increases motivation of the students, by helping them relax, share, and enjoy at the same time. In the activity *'Smash Play-dough activity'*, G-2 students had to roll the playdough and to make rounded circles and they have to smash the number of balls according to the numbers called out. The activity led to a lot of excitement among children.

Godriwala Presents

MM SCHOOL

TEACHERS ORIENTATION PROGRAM

A teachers orientation program took place at MM School and the workshop was conducted by the dynamic Principal Dr Sanjoy Bhattacharjee on the topic 'Effective Teaching and learning in classroom set-up'.

Teachers were blessed with the opportunity to understand how creativity, adaptability, critical thinking, and collaboration are valuable skills in this environment. To foster these skills in the classroom, an integrated learning approach is an effective method for helping students develop multi-disciplinary expertise and grasp the importance of interconnections in the real world.

How integrated learning emerges as a valuable approach to education, providing students with numerous benefits. By combining multiple subjects, students not only deepen their understanding but also develop transferable skills, enhance motivation, and become better prepared for the real world.

Godriwala Presents

MM SCHOOL

DYNAMIC LEARNING

Grade 3 students took part in a Dynamic learning session about Common and Proper nouns in the garden area. They played an engaging game called "Noun Sort Challenge," where two students selected random cards, read the names and sorted them into the correct category. Witnessing their enthusiasm and active learning was truly rewarding.

COLLAGE MAKING ACTIVITY

We're delighted to witness the enthusiasm and active participation of all Grade 2 students in the holiday collage making activity (collecting your photographs) mentioned on page 6 of the English ferry book for Grade 2.It's important to note that this activity was merely a suggestion , with no compulsion, as previously informed. However, the enthusiasm you've shown us is truly commendable. The collages submitted are truly beautiful and reflect the wonderful memories shared with your children. Engaging in such activities strengthens the bond between parents and children.
