# From the Academic Coordinator

Greetings MM Family!!

August was truly a month filled with joy, learning, and togetherness. From celebrating Friendship Day to tying rakhis to our police officers and participating in the eco-friendly thali decoration, from dancing in the spirit of Independence to cheering during the thrilling basketball matches on National Sports Day—our campus was alive with energy and excitement. Each of these events reminded us that learning doesn't just happen in classrooms; it shines through every song, every story, and every smile our children share.

What touched me most this month was the way our students embraced both tradition and innovation. Whether it was crafting clay Ganeshas, debating important issues during English Communication classes, or conquering their fear of math at the Math-a-thon, they showed us how curiosity and creativity can go hand in hand. Our clubs, too, continue to give children wonderful spaces to explore their talents—be it in art, science, literature, or sports.

Another highlight was recognizing our Golden Students of the Month. Their kindness, effort, and positive attitude remind us that true success is not measured by marks alone, but by the values and character we carry forward. As we look ahead, I feel grateful for the dedication of our teachers, the support of our parents, and the enthusiasm of our students that make this journey so meaningful. Together, we are not just building learners—we are shaping thoughtful, compassionate individuals ready for tomorrow.

**Regards**
