Events & Celebrations

01 SEPT - 04 SEPT Inter House Basketball Competition

The inter-house basketball competition for the MM School House Championship took place from September 1st to September 4th. The event, which was played in a knockout format, was a great success.

Here's a breakdown of the results:

- **Champion**: Samagra (Blue) House
- **Runners-up**: Shourya (Orange) House
- **Third Place**: Sahas (Green) House

The competition schedule included four periods: Juniors Mixed, Senior Boys, Senior Girls, and Senior Mixed. In a unique twist, points scored by girls in the final period were doubled. Following this exciting basketball tournament, the school championship will continue with football and cricket competitions.

02 SEPT Ganesh Puja Assembly

MM School students hosted a special assembly for Ganesh Puja, a vibrant and cherished celebration. The event paid tribute to Lord Ganesha, the deity of wisdom and prosperity. The students performed beautiful devotional songs and intricate dances. This wholesome event enhanced their cultural understanding and provided valuable lessons in mythology. It was a wonderful occasion that brought the school community together, fostering a strong sense of unity and shared joy in a truly memorable way.

02 SEPT Ganesh Pandal Visit

MM School hostel students and residential teachers enjoyed a rejuvenating Ganesh Puja pandal visit in Raipur. The group admired the mesmerizing idols and participated in the puja ceremony. The special outing provided a great opportunity for students to bond with their fellow mates and teachers, sharing a cheerful evening that has prepared them for the year ahead. The experience was a delightful blend of cultural immersion and social connection.

04 SEPT Teachers' Day Assembly

Students of MM School celebrated Teachers' Day with a special assembly filled with grandeur and pomp. The junior grades kicked off the celebrations, showcasing their appreciation through heartfelt speeches, dances, and engaging games like tongue twisters, which provided a lot of fun for the teachers. They also awarded gifts to the winning teachers chosen by the students for their enthusiastic participation.

Later, the senior grades hosted a second special assembly, extending a warm welcome to their teachers with sincere speeches and melodious songs. The students also performed self-choreographed dances and formally felicitated all the teachers for their hard work and dedication. The day concluded on a jovial note with a cheerful cake-cutting ceremony, bringing all teachers and students together to celebrate their special bond.

Achievements

Visual Prodigy

Vivaan Chimnani (Grade 4)

Congratulations to Vivaan Chimnani for his outstanding achievement of winning a commendable position in the Visual Competition at the 6th Brainish Mega Fest-2025. His win is recognized by both the Asia Book of Records and the India Book of Records. MM School proudly celebrates his success!

Classical Excellence

Sachi Bagri (Grade 4)

MM School congratulates Sachi on her remarkable achievements at the Kaushal Mahotsav. She was the runner-up in the National Kathak Dance category and the champion in Semi-classical Dance, a testament to her talent and dedication. Her outstanding performances have brought immense pride to the school. We wish her continued success in all her future endeavors!

State Accolade

Ms. Rashmi Wadhwa (Vedic Math Faculty)

Ms. Rashmi Wadhwa, our Vedic Math faculty, has been honored with the Suhini Soch Samman by the Rashtriya Sindhi Bhasa Vikas Parishad, Ministry of Education, Govt. of India. MM School proudly congratulates her on this prestigious achievement, recognizing her excellence and significant contributions to education.

Abacus Champion

Kashish Talreja (Grade 4)

Congratulations to Kashish Talreja for becoming the champion at the International Abacus and Speed Maths Competition! Her school is immensely proud of her outstanding achievement, a testament to her talent and hard work. This victory is a shining example of her mathematical prowess and dedication. We know she'll continue to excel and achieve great things in the future!

Class Activities

Grade 9

Onion Peel Observation

Students engaged in a practical session, mastering the preparation of microscopic slides to observe plant cells. They successfully identified the cell wall and were fascinated by the rectangular structure and compact arrangement of the cells. This hands-on experience not only reinforced their understanding of the cell as the basic unit of life but also effectively enhanced their essential laboratory skills and scientific curiosity.

Grade 3

Sock Puppet Project Activity

Grade 3 students successfully completed their English Internal Assessment by creating and presenting dialogues with individual sock puppets.

The project was a delightful display of their creativity and confidence. This interactive activity not only enhanced their fine motor skills and imagination but also effectively improved conversational and communication skills, making learning joyful and fluent.

Grade 9

Clay Modelling Activity

Students creatively explored cell structure by constructing three-dimensional models of plant and animal cells using colored clay. They modeled and correctly positioned organelles like the nucleus, mitochondria, and vacuole.

This hands-on activity reinforced their understanding of cell components and clarified the differences between cell types, such as the presence of a cell wall and chloroplasts only in plant cells. The session, which concluded with a model display, fostered teamwork, creativity, and deeper scientific comprehension.

Grade 2

I Am Growing Up - Project Activity

Grade 2 students successfully completed their Term-1 English project on the poem, “I Am Growing Up”, entirely in school. The activity fostered self-respect and emotional growth by encouraging students to reflect on their potential, strengths, and the role of family and friends.

Class Activities

Grade 1

Anuswar Words - Project Activity

Grade 1 students joyfully participated in today's Hindi activity on "Anuswar Words." The children enthusiastically identified, pronounced, and presented various words, displaying great creativity and excitement. This interactive session successfully improved their pronunciation, strengthened their vocabulary, and built confidence in expression.

Grade 2

Living and Non-Living Things - Project Activity

Students successfully completed their Term-1 Internal Assessment in EVS on "Living and Non-Living Things." The assessment reinforced their ability to identify and differentiate between the two, developing crucial observation skills. It was heartwarming to see the children apply their knowledge with sincerity and creativity.

Grade 3

Symmetrical Shape - Project Activity

Our Grade 3 students successfully completed their Term I Internal Assessment project on Symmetrical Shapes. The activity involved creating shapes through paper cutting and pasting, demonstrating the students' clear understanding of symmetry. Their active participation made the project a well-received and successful learning experience.

Grade 3

Festivals and Celebrations - Project Activity

Grade 3 students successfully completed their Term 1 EVS project on "Festivals and Celebrations." They demonstrated their learning and creativity by creating colorful displays, using cutouts and stickers, and writing about their chosen festivals. This project effectively fostered an understanding of India's cultural diversity and enhanced their writing skills.

Grade 1

Healthy & Unhealthy Food - Project Activity

Grade 1 students successfully completed their Term I EVS Internal Assessment project on Healthy and Unhealthy Food. The children participated enthusiastically, using their creativity to identify and present different food items. This interactive project effectively helped them differentiate between the two and encouraged healthy eating habits.

Grade 1

Doing Words - Project Activity

Grade 1 students creatively explored "Doing Words" (action verbs) for their project. They demonstrated a clear grasp of the topic by cutting and pasting shapes, actively showcasing their understanding. This hands-on experience was a successful, well-received activity that made learning highly interactive.

Club Activities

Literary Club

The Literary Club fosters a love for literature across all grades. For grades 1 and 2, activities focus on recitation, storytelling, and moral lessons from fables. Grades 3 to 5 enhance their creative skills through picture composition and exploring children's stories and poems.

Older students in grades 6 through 9 and grade 11 delve deeper into literary analysis. They study poetic devices, novels, epics, and focus on characterization, themes, and plot. The club also encourages creative expression through writing stories covering both English and Hindi.

Science Club

The Science Club provides hands-on learning for all students. Activities include creating science models, understanding shapes and sizes, and practical application of scientific formulas. Students explore various science topics, anatomy, and engage in mental math and abacus training to sharpen their cognitive skills. The club's focus is on experiential learning, with students participating in hands-on science projects and engaging lab activities to deepen their understanding of scientific principles.

Art Club

The Art Club nurtures creativity and imagination in every student. We begin with the fundamentals, teaching members to understand colors, complimentary palettes, and the color wheel. Students explore various mediums, from craft making and intricate origami to creating detailed paper and clay models. The club encourages artistic inspiration, prompting students to express their unique ideas and perspectives. Through these hands-on activities, we aim to enhance each student's imaginative power and make them more creative.

Kinesthetic Club

The Kinesthetic Club promotes physical fitness and strategic thinking through a wide range of sports. Our outdoor activities build teamwork and athletic skills with popular sports like basketball, football, cricket, lawn tennis, and skating. Students can also dive into our swimming programme for a great full-body workout. For indoor enthusiasts, we offer chess, carrom, and table tennis, which sharpen focus and hand-eye coordination. This club provides a balanced approach to physical and mental well-being for an active lifestyle.

Happy Hours

At MM School, we believe in nurturing well-rounded individuals. This philosophy led to the introduction of our unique 'Happy Hours' programme, an exclusive initiative that reserves the last session of every school day for outdoor sports and activities.

Under the expert guidance of renowned coaches, students enthusiastically engage in games like basketball, cricket, football, skating, and tennis. This programme not only promotes physical fitness but also instills discipline, teamwork, and a healthy competitive spirit. By balancing rigorous academics with dynamic physical activity, we ensure that our students leave school each day with a sense of accomplishment and holistic growth.

Teacher Training Programme

Academic Leadership & AI Powered Modern Teaching

MM School recently hosted an insightful seminar-cum-workshop led by Mr. Gagan Baradia, focusing on professional development for our faculty.

Mr. Baradia engaged teachers in discussions about their professional outlook, the essential role of a teacher, and the distinction between a facilitator and a guru. He emphasized the lifelong process of learning and the need to constantly upgrade teaching methodologies.

A key highlight was the hands-on training session on various AI applications. Teachers learned how these apps can significantly assist with pedagogy, class management, note-making, and knowledge building.

The wholesome session was chaired by Principal Dr. Sanjoy Bhattacharjee, who reinforced the objectives of MM School: to continuously upskill the faculty to ensure the consistent upgrading of student education. The workshop was a great success in preparing our educators for the future.

TERM-I Examination

TERM-I Triumph: Integrity, Application, and Success

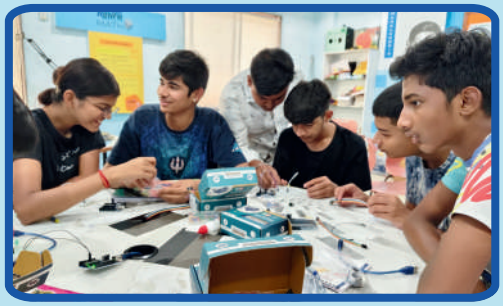

MM School is pleased to report the successful conclusion of the TERM-I examinations for Grades 1 through 8. Our focus this term was on comprehensive preparation, practical application, and fostering integrity in the assessment process. Students were given ample time to prepare, benefiting from complete syllabus coverage, a dedicated revision week, and scheduled preparation leave. For our older students, the Computer exams incorporated practical sessions, strongly emphasizing the application of knowledge.

In line with NEP 2020, the internal assessment component featured activity-based and research-based projects, all supported by clear rubrics and detailed guidance. A unique highlight was the introduction of a new practice where students themselves opened the question papers in the exam hall, a move designed to visibly promote the sanctity and integrity of the examination process.

By completing the exams before the Puja vacations, students and families can now enjoy their break without academic stress. This relief ensures that all students can return for the next term with a fresh and motivated mind to continue their learning journey.

Tech Skills Lab

Digital Leap: Integrating AI, Coding, and Hands-On STEM

MM School has launched a major initiative to embed future-ready digital skills across its grades, focusing on machine learning, coding, and the use of Artificial Intelligence (AI). Dedicated special classes and technical resource persons guide students in developing their own technological projects.

This program is powered by specialized, hands-on technology and STEM learning kits that cover high-demand fields like Robotics, Mechatronics, AR/VR, and 3D Design. These resources facilitate intensive project-based learning, allowing students to explore, design, and create.

Aligned with NEP 2020 and a STEM-accredited curriculum, this ecosystem accelerates the development of 21st-century skills, including creativity and problem-solving.

Through engaging activities and specialized Technology Clubs, MM School is successfully building a robust foundation for students' success in cutting-edge technological domains.

From the HR Head

Dear MM Family,

September has truly been a month of magic at MM School. Looking back, what shines through most vividly is the energy, joy, and togetherness that filled every corner of our campus. The Inter-House Basketball Championship was an absolute delight—not only for its exciting matches, but for the spirit of sportsmanship our students displayed. Watching them cheer for one another, accept victory and defeat with grace, and celebrate teamwork above all was truly inspiring. Our Ganesh Puja Assembly and eco-friendly idol-making activity beautifully reflected how our children blend tradition with creativity. Seeing their little hands shape clay Ganeshas with such devotion and care was heartwarming beyond words. Teachers' Day was another highlight—an unforgettable celebration of gratitude and love. Our students expressed their appreciation through heartfelt performances, reminding us that the teacher-student bond remains at the very heart of all learning. For our hostel students, the Ganesh Pandal Visit was more than an excursion—it was an experience filled with laughter, faith, and a sense of belonging that made them feel at home, even while away from home. Inside the classrooms, creativity continued to flourish. Activities like clay modeling of cells, sock puppet projects, and "I Am Growing Up" reflections showcased how our teachers and students together bring imagination and curiosity into everyday learning.

Our educators, too, continued their journey of growth. The Faculty Training Workshop with Mr. Gagan Baradia on Academic Leadership and AI-Powered Modern Teaching equipped our teachers with new insights and innovative tools, empowering them to make classroom experiences even more engaging and meaningful.

As HR Head, I feel immense gratitude—for our dedicated teachers and staff members, our ever-supportive parents, and our spirited students. Together, we're not just nurturing a school, but a family—one guided by values, creativity, and compassion in all that we do.

Warm regards,

Ankita Sehgal

HR Head, MM School

Parents' Corner

"As parents, we are extremely satisfied with the school's atmosphere. The faculties show remarkable empathy, ensuring each child feels valued and supported. Excellent facilities for sports aid in holistic development. The balanced focus on academics, discipline, and extracurriculars reflects commitment to excellence. We sincerely thank the entire school team & Respected Principal sir for their constant efforts, warmth, and dedication towards the students and parents alike."

Mr. Gulshan Narang & Ms. Jasleen Narang (proud parents of Aarit (G4) and Gianna (G1)

"Hello MM School,

As I always say MM school is the best school in the town as I have found everything perfect here. Education is best, sports are good, activity part is also nice. Overall I am seeing a good change in my kids Vivaan and Amaira. They are doing very well, once again thanks to MM school for your big support and for always listening to us (which is the most important part) that's not present in any other school. I am sure to see more growth in my children as I have full faith in the school."

Mr. Nikhil Chimnani & Ms. Drishti Chimnani. proud parents of Vivaan (G4) & Amaira (G1)
