Championships

Chess Tournament

MM School's August Inter-House Chess Championship showcased brilliant strategy and mental agility.

Group A (Gr 3-4)
1st - Yaksh Dayani (Shourya)
2nd - Vihaan Sharma (Shourya)

Group B (Gr 5-6)
1st - Dhruv Tripathi (Shourya)
2nd - Keya Tarwani (Shakti)

Group C (Gr 7-8)
1st - Khanak Jain (Shourya)
2nd - Maanvi Chhabria (Sahas)

Group D (Gr 9, 11)
1st - Om Parwani (Samagra)
2nd - Pranshu Rohra (Sahas)

Basketball Tournament

From September 1st to 4th, MM School held a high-energy knockout basketball tournament. A unique scoring rule doubled points for girls in the senior mixed category, adding tactical depth. This successful event sets a competitive tone for the upcoming football and cricket championships.

- **Champion: Samagra (Blue) House**
- **Runners-up: Shourya (Orange) House**
- **Third Place: Sahas (Green) House**

Football Tournament

The campus buzzed with excitement as the Inter-House Football Competition concluded. The tournament showcased exceptional sportsmanship and athletic talent across all houses, setting a high bar for the remaining season. This thrilling event successfully continued the momentum of the ongoing school championship.

- **Champion: Samagra (Blue) House**
- **Runners-up: Shakti (Red) House**
- **Third Place: Shourya (Orange) House**

Cricket Tournament

The Inter-House Cricket Tournament was a spectacular display of teamwork, featuring mixed teams of boys and girls. The excitement peaked during a tied third-place match. This high-energy event highlighted incredible sportsmanship and concluded the seasonal championships.

- **Champion: Sahas (Green) House**
- **Runners-up: Shakti (Red) House**
- **Third Place: Samagra (Blue) House**

Annual Sports Day

A Grand Finale of Athletic Excellence

On January 9, 2026, the sun rose over the MM School grounds to witness the most anticipated event of the academic year: the Annual Sports Day. This day served as the grand finale to a year of intense rivalry and camaraderie among the four houses—Sahas (Green), Samagra (Blue), Shakti (Red), and Shourya (Orange). While the fundamental groundwork for the championship had been laid throughout the year with inter-house competitions in chess, football, basketball, and cricket, the atmosphere on the field suggested that everything was still to play for.

The morning began with a sense of focused determination. Having completed the preliminary heats just days prior, the athletes were primed for the final showdowns. The track events were the centerpiece of the day, featuring a grueling yet exhilarating lineup including the 100-meter, 200-meter, and 400-meter sprints. These were followed by the technical challenges of the hurdles and the high-stakes relay races, which saw boys, girls, and mixed teams pushing their limits for house pride. Adding a touch of lighthearted joy to the competitive proceedings, the younger students participated in a delightful lemon and spoon race, proving that sportsmanship begins at any age.

As the dust settled on the track, the points were tallied. Shourya House, through a series of breathtaking performances in the sprints and relays, emerged as the undisputed kings of the track. Their athletes displayed remarkable speed and endurance, allowing the Orange House to clinch the Athletics Trophy for the day. Their victory was a testament to the rigorous training and spirit they brought to the final events.

However, the ultimate prize—the House Shield—takes into account a house's performance across the entire academic year. While Shourya dominated the athletics, Samagra House had been building a fortress of points since the first term. Having already secured championships in both basketball and football, the Blue House maintained a narrow but consistent lead in the overall standings. Their balanced excellence across both indoor strategy and outdoor team sports ensured that they remained at the top of the leaderboard.

In a spectacular closing ceremony, the Athletics Trophy was hoisted high by the captains of Shourya House, celebrating their immediate triumph. Yet, it was Samagra House that walked away with the season's highest honor, securing the prestigious House Shield for 2026. The day concluded not just with winners and losers, but with a shared sense of accomplishment and the enduring spirit of MM School.

Brush & Beyond S3

Creativity Meets Discovery: MM School's Annual Exhibition

MM School recently hosted the spectacular third season of Brush & Beyond, an art exhibition that served as a grand showcase for the year-long creative endeavors of the Art Club. The campus walls were elegantly transformed with professional lighting and artistic decorations, providing a sophisticated backdrop for the students' masterpieces.

This year, the exhibition centered on the powerful and timely theme of "Women Empowerment," a message further reinforced through pre-event activities like Rakhi thali decoration and vibrant Rangoli competitions.

In a poignant moment of reflection, the school also paid a heartfelt tribute to the brave soldiers of Operation Sindoor, blending social consciousness with artistic expression. Simultaneously, the Science Exhibition captivated visitors with a diverse array of stalls. Students proudly presented working models, intricate diagrams, and detailed clay or card projects to an audience of impressed parents.

The synergy between the arts and sciences created a buzzing atmosphere of innovation and pride, celebrating the holistic development and immense talent of the MM School community.

Parents and visitors left the campus inspired by the students' dedication. This dual celebration of artistic expression and scientific inquiry perfectly encapsulated MM School's commitment to holistic and meaningful education.

Brush & Beyond S3

Thematic Highlights

The campus was professionally curated to reflect a sophisticated gallery atmosphere. Key themes included:

- **Women Empowerment**: The central motif of the exhibition, reinforced by preparatory workshops in Rakhi thali decoration and Rangoli artistry.
- **Patriotic Tribute:** A moving artistic homage to the soldiers of Operation Sindoor, bridging the gap between social consciousness and creative expression.

Science & Innovation

While the walls spoke through color, the stalls buzzed with inquiry. The Science Exhibition featured:

- **Interactive Models**: Live demonstrations of scientific principles.
- **Visual Documentation:** Intricate diagrams and clay/card projects.
- **Parental Engagement:** Students defended their projects to an audience of visitors, showcasing both technical knowledge and public speaking skills.

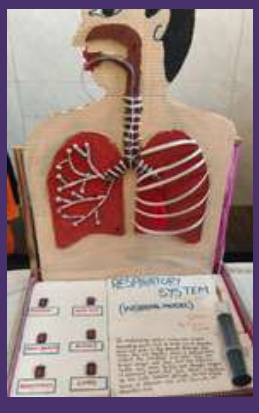

The dual-exhibition served as a testament to MM School's commitment to "holistic education," proving that the analytical and the artistic can thrive under one roof.

While this season of Brush & Beyond has come to a close, the spirit of inquiry and creativity it ignited continues to burn bright. We are already looking forward to next year's edition, where a new theme will once again challenge our students to push the boundaries of art and science.

Class Activities

Grade 8 & 9

Concept of Earthing

students of Grade 8 and 9 participated in an interactive session focused on the fundamental concept of Electrical Earthing. The session bridged the gap between classroom theory and real-world application, emphasizing the critical role earthing plays in domestic and industrial safety. Students were introduced to the standard components and dimensions required to create an effective earthing system. The discussion highlighted the use of:

- Conductive Elements: Copper or Galvanized Iron (GI) plates and earthing wires.
- Resistance Reduction: The strategic use of charcoal and salt to maintain soil moisture and enhance conductivity.
- Maintenance: The necessity of adding water to ensure the path to the ground remains efficient.

This practical approach aims to foster a "safety-first" mindset in students, ensuring they understand not just the how, but the why behind electrical standards.

MY FM Ke Rangrezz: Painting Competition

MM School successfully hosted the 12th edition of the "MY FM Ke Rangrezz" drawing competition in collaboration with 94.3 MY FM.

Participants across various grade levels engaged deeply with the competition's prompt, utilizing diverse mediums to translate complex environmental concepts into compelling visual narratives. The session emphasized the role of art in fostering social consciousness and personal expression.

The high turnout and caliber of entries reflected the students' commitment to artistic excellence. We extend our gratitude to the parents for their prompt cooperation and to the Dainik Bhaskar Group for supporting the city's budding talent.

Happy Hours

At MM School, we believe in nurturing well-rounded individuals. This philosophy led to the introduction of our unique 'Happy Hours' programme, an exclusive initiative that reserves the last session of every school day for outdoor sports and activities.

Under the expert guidance of renowned coaches, students enthusiastically engage in games like basketball, cricket, football, skating, and tennis. This programme not only promotes physical fitness but also instills discipline, teamwork, and a healthy competitive spirit. By balancing rigorous academics with dynamic physical activity, we ensure that our students leave school each day with a sense of accomplishment and holistic growth.

LogIQids Masters

LogIQids Stage 1 Toppers!

Heartiest congratulations to our brilliant students who topped Stage 1 of LogIQids Mental Aptitude Olympiad!

Class-wise Toppers:
- **Class 1: Lovina Birnani & Satvik Talreja**
- **Class 2: Aarya Hotwani**
- **Class 3: Jiyana Sachdev**
- **Class 4: Aarit Narang**
- **Class 5: Ranveer Bhagtani**
- **Class 6: Aastha Doultani & Mausam Nagarwal**
- **Class 7: Tanushka Malani**
- **Class 8: Ayush Shukla**

A big applause to all participants for showcasing excellent logical thinking and effort!

Club Activities

Literary Club

The Literary Club fosters a love for literature across all grades. For grades 1 and 2, activities focus on recitation, storytelling, and moral lessons from fables. Grades 3 to 5 enhance their creative skills through picture composition and exploring children's stories and poems.

Older students in grades 6 through 9 and grade 11 delve deeper into literary analysis. They study poetic devices, novels, epics, and focus on characterization, themes, and plot. The club also encourages creative expression through writing stories covering both English and Hindi.

Science Club

The Science Club provides hands-on learning for all students. Activities include creating science models, understanding shapes and sizes, and practical application of scientific formulas. Students explore various science topics, anatomy, and engage in mental math and abacus training to sharpen their cognitive skills. The club's focus is on experiential learning, with students participating in hands-on science projects and engaging lab activities to deepen their understanding of scientific principles.

Art Club

The Art Club nurtures creativity and imagination in every student. We begin with the fundamentals, teaching members to understand colors, complimentary palettes, and the color wheel. Students explore various mediums, from craft making and intricate origami to creating detailed paper and clay models. The club encourages artistic inspiration, prompting students to express their unique ideas and perspectives. Through these hands-on activities, we aim to enhance each student's imaginative power and make them more creative.

Kinesthetic Club

The Kinesthetic Club promotes physical fitness and strategic thinking through a wide range of sports. Our outdoor activities build teamwork and athletic skills with popular sports like basketball, football, cricket, lawn tennis, and skating. Students can also dive into our swimming programme for a great full-body workout. For indoor enthusiasts, we offer chess, carrom, and table tennis, which sharpen focus and hand-eye coordination. This club provides a balanced approach to physical and mental well-being for an active lifestyle.
